Dear Parents & Sister

I forgot to put in
this pen in when I sealed up
last nights letter

This letter inside is from
Sprague the Company clerk
& if anything had been said
about my deserting he would
have wrote. Of course there
was nothing in the yarn
of my deserting or I should
not have been with my [poisons?]

It seems by this letter
that all old letters have
been destroyed. I will write
soon again

Yours Truly

I E Green
