Dear Parents & Sister

I have just recieved
the letter you sent to the
Regt with the 2 dollars in
it. I got one from you last
Monday morning with 1 dollar
in it. I have not seen Daniel
yet for I cannot get a pass
to leave the Hospital Grounds
yet. They only give 10 passes a
day & there is generally about
a thousand after them every
morning Any thing you may
send him would go direct to
him. I dont think there is any
need of worrying about him for
this chronic diarrhoea dont
amount to much. It will worry
a man down but it give up

after some rest There was any
quantity of them had it here
but I never knew any one to
die of it & the doctors dont
think it is anything serious
If he has not got money I know
he would like some for there is
a good many things he would
like & that he cannot get from
the Hospitals. I will try my
best to find him the 1st of the
week when I go after my money
A certificate from the Dr to
get my money with will be
just as good as a pass so I
can go around Washington
Are you sure it is St Elizabeths
Hospital he is in There is a
number of them around here
but not that one Albert Wiley
was wounded badly but is doing
well up Frederick way somewhere

Frank Hayden was here the other day & told me about Al Wiley You need not send me any Envelopes or paper for I bought a lot. I dont want any shirt at present I got a Cape pants shirt & stockings here & they are given us I know for no account was taken of them It is too bad about that d - d Lawsuit but I am better satisfied for my part & you can have what money I have to pay the expense [at] without thinking of paying it back Are you going to carry it on or are you going to drop it Write how things stand about it. Where is Henry [Hermerson?] now. I saw Geo Gilmans marriage in the paper you sent me, the last one Ive had them twice from
